

Dear Dr. Samet and Staff at Yardville Animal Hospital,

Thank you so much for the kind words of sympathy in regards to Ezra's passing. He truly was an amazing kitty as you had mentioned and was one of a kind. Ezra was born on August 28th, 1998 which was my father's birthday. This always meant so much to me since my father had passed away 2 months earlier in June of 98. I felt like little Ezra was a special gift given to us at a time of great sadness. Ezra's home is right across the highway (Rt#130) from your hospital on Carlisle Ave. on the side of the street with the woods behind us between the Post Office Annex. In that patch of woods Ezra would roam around for hours getting into all kinds of mischief and fun. He actually had some cat buddies in the neighborhood and on occasion you would find them lounging around together on the warm sunny grass. But nothing in the world was more important to him than his human family. Whenever any of us came home no matter how far away he was, if he saw us he came sprinting on over. Even when he got older and it was time to make him an indoor cat he would always greet us and want to be picked up like a little child. He will always have a special place in our hearts. Thank you so much Dr. Samet for the wonderful care that you provided over the last few months for Ezra. Enclosed is a picture of him from a few years ago. I'm sure he would want you to have it,

Have a nice day,

Sincerely,

Erwin Heidenhofer
